Bi-Monthly News Bulletin of the Institute of the Brothers of the Sacred Heart of Jesus

FEBRUARY - 2021

## Message

**Dear Brothers,**

I would like to share a couple of thoughts with you on the events which take place during this month particularly.

### (i) World day of Consecrated Day

There is a rapid transformation in every walk of life; we find the changing scenario in the world. We are called to find new goals, new perspectives and new relationship with people of the world. **For this the Consecrated Life is to be strengthened and revived with the total commitment and conviction.** The religious commit themselves in escalating their intelligence and conscience in incorporating their feelings, emotions, sensibilities, effectiveness and their will. Above all they must love their life of commitment. In spite of crises, challenges and obstacles they may encounter, the religious should strive to achieve the desired goals of their call. As we find in Luke 9:62 *"No one who puts a hand to the plow and looks back is fit for service in the Kingdom of God"*. The religious should face and overcome the challenges of the world, with conviction and commitment. We are consecrated and being sent to fulfill the will of God in our field of mission. *"For even the Son of Man did not come to be served but to serve and to give his life as a ransom for many"*(Mk: 10:45).

### (ii) Foundation Day

The Institute of the Brothers of the Sacred Heart of Jesus has gracefully completed 118 years of meritorious service to the marginalized through evangelization, education and empowerment programmes in multiple dimensions. Our prime duty,

however, is to spread the good news to the poor, in the love of the Most Sacred Heart of Jesus through our being and doing with the marginalized. **We need to re-discover the meaning and significance in an in-depth manner of our Vocation to Brotherhood.** The more we take the cross of Christ, the more we experience the Love of Christ. *We have to be the grains of wheat destined to die in order to give life to others (Jn12:24)*. Let us thank the Lord for the gift of our Founder and the pioneers who stand as strong pillars for the growth of the Institute.

### (iii) Holy Season of LENT

**The Season of Lent emphatically invites us to speak out the truth, justice and honesty of our lives; we are called to listen to the cry of the earth and the cry of the poor. Integrating both segments is artistic and let us be convinced of the segments as well.** We have been hearing about the suicide of farmers in the dailies for a long time now and the wake of 2021 is unfolding one of the largest people's struggles happening in the capital city of New Delhi-The Farmers' Protest which is demonstrated in a peaceful and democratic manner. We need to understand that this protest is not associated only with the farmers but how from each corner of the country this law would impact on others. However the government is trying to suppress their voices by using the power in unconstitutional and autocratic tones. **Let us pray, fast to support** the farmers during the Holy Season of Lent in a special way to obtain the benefits for a tranquil life.

**"Complete adherence to the good pleasure of God is the summit of perfection"**

#### (iv) World Day of Social Justice

Social justice and social development are integral and indispensable components for the acquisition and maintenance of peace and security within and among the people. Persons working for peace, security and empowerment of the marginalized were put behind the bars today. Human rights and fundamental freedom are not respected rather violated in an intensive fashion which is an alarming situation to all. Today we face serious challenges in and around the world, including financial crises, insecurity, poverty, exclusion and inequality within and among societies. **As our Founder, stood for the social justice and brought equality within the church by demolishing the wall that divided the people, let us uphold his far-sighted vision as an exemplary tool in the field of mission, ensuring a sustained guidance as torch-bearers to the people whom we are entrusted.** He prepared the way for building the foundation of faith of the people that we are one in Christ. Let us have the courage, confidence and strength in the faith aspect in Christ himself in order to establish social justice, walking in the foot prints of the Founder.

Pope Francis invites us **TO DREAM AND TO HOPE** (FT8). There is a place for each person in God's table. Each person brings his own gifts, talents, knowledge, expertise, experiences and self to the world. Let us resolve our differences and with one mind and one heart impart the richness of our talents and potentialities in the process of diversifying our gifts to the sphere of humanity. It would be quite befitting to celebrating our God-given talents in sharing and caring with the frail and the vulnerable society.

Finally may our **Consecrated Life** be rooted in the Word of God, **Spreading** the good news to the poor in the love of the Most Sacred Heart of Jesus by **Listening** to the cry of the poor to build Newer World and thereby **Building** their own future for their uplift at all scenario where all can **Lead a Life** with **Peace, Harmony and Solidarity**.

*"May the God of hope fill you with all joy and peace as you trust in him, so that you may overflow with hope by the power of the Holy Spirit"(Romans 15:13).*
